The Reverend Doctor Engstrom is pastor of a flourishing congregation in Evansville and is a graduate of Hanover College and Lane Theological Seminary. His first three pastorates were in Indiana, his fourth in Macon, Mo., and Evansville is his fifth. His sermons at Grace Church last Sunday and Monday evening were well received, hence the movement to call him as pastor. The Reverend Doctor J. B. Brandt, who was appointed moderator of the session by the presbytery, said yesterday that the tent meetings which have been held at the Grace Church this summer had cemented the congregation, and that the outlook was very bright. He said also that matters in reference to the building of a new church were progressing very suitsfactorily. Plans for the new structure have been adopted and the contract probably will be let this week.

RULING ON PENSIONS. Money From Government Not Subject

REPUBLIC SPECIAL.

Washington, Aug. 22.—Justice Barnard of the Supreme Court of the District of Columbia to-day made a ruling, said to be the first on the subject in this vicinity, that money received by an individual from the Government as a pension is not subject to attachment or seizure. The opinion was rendered in the case of a pensioner residing in a suburban town. It seems that a Maryland court rendered a judgment against the pensioner for \$1.400. Learning that the defendant had a sum of money on deposit to his credit in a local bank, suit was instituted in the Supreme Court of the District of Columbia to recover on the Maryland judgment and an attempt was made to attach the money, which amounted to \$55 and was part of a sum received on account of pension.

The defendant's attorneys opposed the

and was part of a sum received on account of pension.

The defendant's attorneys opposed the contention that the pension money could be attached. In disposing of the matter Justice Barnard pointed out that the courts of the several States have taken different views of the subject. It is generally conceded that pension money, when in course of transmission to the pensioner, is not liable to attachment. In a number of the States, however, notably Pennsylvania, lowa and Wisconsin, the courts have taken the stand that money received by an individual as a pension shall not be attached, even after it has been received by the pensioner, Inclining to the view that the law should be liberally construed in favor of pensioners, Justice Barnard decided that the money in bank to the credit of the defendant shall not be attached.

Consular Report Upon Effect of New German Tariff.

Consular Report Upon Effect of New German Tariff.

Washington, Aug. 22.—The State Department has received from Consul General Mason at Berlin a long report setting forth in detail the features of the proposed new German tariff which will most materially affect United States products. By far the most important of these is noted in the advances of from 69 to 200 per cent in the lates on food materials, meats and live animals. The present treaty rate on wheat of Sie would be increased under the new bill to \$1.54 per 100 kilograms. The United States sent \$63.531 metric tons of this commodity to Germany last year.

As to American manuractures, the most notable advances made by the new bill are in the rates on bicycles and shoes. An American bicycle weighing about twenty-two pounds would pay \$3.57 import duty instead of about \$1.25, as at present. Shoes would pay about double their present rate.

Mr. Mason states that public discussion of the tariff measure is confined to two points—the alleged inadequacy of the proposed duties on manufactured products, and the effect which the heavy advances in the rates on food materials will have upon the nonagricultural population of Germany.

ENFORCING EXCLUSION ACT.

Chinese Will Not Be Allowed to Come In From Mexico.

Washington, Aug. 22.—The determination of the Treasury Department to take advantage of the authority given by the Chinese exclusion act to regulate the transit through the United States of Chinese emigrants bound for other countries was today officially brought to the attention of the Chinese Logation.

The occasion presented itself when an attache of the legation called upon Assistant Secretary Taylor to lay before him a message received from the Chinese Consul at San Francisco conveying the information that Chinese destined for Mexico had been refused the privilege of landing at that port. Mr. Taylor told the attachethat most of the Chinese who had gone into Mexico in the past two or three years had smuggled themselves back across the border into the United States. He, therefore, announced that hereafter the department would refuse landing permission to Chinese bound for Mexico, unless it could be absolutely satisfied of their good faith.

MAN AND MULE IN A FLAMING PIT.

Fire in a Rubbish Heap Undermined a Dump Readway With Dire Results.

Michael O'Brien, employed as a teamster 1247 Wash street, St. Louis.

It is O'Brien's duty to haul away the

rubbish that is swept into piles on the Eads bridge. This rubbish is dumped at the Mis-souri avenue dump in East St. Louis. Early yesterday morning a large quantity of the rubbish at the dump was set afire, probably by boys. O'Brien had to dump his rubbish at the place where the blaze was hottest. He backed his mule to the circ of the dump and was lifting out the tailgate of the cart when the mass below him lave way. The fire had undermined the road-way.

O'Brien jumped to save himself, but did not jump for enough and landed in the not jump far enough and landed in the flames. He fell to his hands, but got up and made another leap. This landed him safely outside the burning heap, but he fell unconscious. Here he was found a short while later by railroad men, who cared for him and summoned a physician.

O'Birien was restored to consciousness and after his injuries were temporarily dressed he was removed to his home. The mule was so hadly burned that it had to be shot. The cart was burned.

EAST SIDE WEED PROBLEM.

Board of Health Will Engage Weed Cutters at Private Expense. Cutiers at Private Expense.

The East St. Louis Board of Health is considering a plan to hire from fifty to one hundred men, or as many as may be necessary, on September I to cut weeds on land the owners of which have been notified and have failed to cut these weeds. For several years the city authorities have worried over the weed problem, but since its inauguration the City Board of Health has taken up the question with promise of success. It is the intention of the Board of Health to compel the property-owners to pay the men who cut the weeds.

The weed question was thoroughly discussed at yesterday's meeting of the Board of Health. Another meeting will be held before definite steps are taken.

Other work of the Board of Health was to make the temporary quarantine hospital permanent and to place restrictions around the place. Hereafter no physician or nurse will be permitted to enter or leave the quarantine until he changes his clothing, and bathes in an atiseptic solution. Visitors will be dealt with even more strictly.

East St. Louis Justices Think Cost of East St. Louis Justices Think Cost of
Marriage Licenses Too High.

East St. Louis Justices of the Peace want
Marriage License Clerk George Caughin to
reduce the price on licenses to East St.
Louis couples. The present rate is \$2 at
East St. Louis. It costs a couple 50
cents car care to go to St. Louis and 50
cents car care to go to St. Louis and 50
cents car care to go to St. Louis and 50
cents cheaper than at East St. Louis.

The Justices want Mr. Caughlin to reduce the license fee to \$1.50 for East St.
Louis couples and allow the rate of \$2 to
remain for outside couples. This, they
think, would be fair, as Mr. Caughlin would
issue many more licenses at the reduced
rate, and the Justices of the Peace would
benefit by the marriages. Several of the
Justices of the Peace are in favor of submitting the question to County Clerk
George K. Thomas.
